

CHARLES E. CAMPBELL

We have no real information about Charles Campbell. He attended a Class 3 at Independence, with no date.

While we have but little information about the sons of William Campbell and their careers as ministers, there is some evidence that they became active and successful evangelists, working in Kansas, Oklahoma and Missouri. A clipping was found in Zelma Harris's Bible about a great revival held in Eureka Springs, Arkansas, giving the evangelist's name simply as Evangelist Campbell. It is believed that he was one of William Campbell's sons, or she would not have had it put away so carefully in her Bible. The clippings have been copied and reproduced for this volume.
